

Ministry of External Affairs  
Government of India

The India-Africa Forum Summit (IAFS) is a celebration of the close partnership between Africa and India. It is an acknowledgement of our shared history as well as our future prospects.

The third edition of the four day IAFS summit which will take place during 26<sup>th</sup>-29<sup>th</sup> October 2015 enables consultations at the highest political level between the heads of government of 54 nations across Africa and the Indian government to give a new thrust to our age-old partnership. It provides an opportunity to not only reflect on the past, but to define the road ahead in tune with the times we live in.

B2B  
meetings

Sector focus  
sessions

### Collaborating to Address Africa's Infrastructure Needs

What is the future role of Indian firms in Africa's major infrastructure projects? Are Indian firms effectively leveraging the huge investment opportunities in Africa's infrastructure sectors?

### Transforming Agriculture, Complementing for Growth

Are there any joint efforts underway to shore up the food security of both regions? Is India contributing enough to Africa's farm modernisation?

### Partnership for Energy and Sustainable Development

Are India and Africa working towards boosting each other's energy security? Are there any major barriers to Indian investments in Africa's energy sectors?

### Development Initiatives For Africa

Bringing up initiatives for creating positive economic changes in Africa and put Africa on the path to achieving economic and capital development.

### Delivering Affordable Healthcare Solutions for Africa

Are Indian pharma firms expanding their footprints in Africa? Are there any India-Africa joint initiatives to promote the delivery of affordable healthcare solutions in Africa? Is there a role for Indian firms in Africa's public healthcare delivery systems?
